FILTHY, FUNNY, AND TOTALLY OFFENSIVE

JOKES SO DIRTY COMEDIANS AND ENTERTAINERS ONLY TELL THEM TO EACH OTHER

Jeffrey L. Gurian and Tripp Whetsell

**Introduction by Paul Provenza,
director of *The Aristocrats***

Based on the phenomenal success of *The Aristocrats*, a collection of world-famous comedians' favorite filthy jokes

A hilarious and delightfully fresh book that builds on Citadel's longstanding tradition of publishing the best and brightest in comedic writing *Filthy, Funny, and Totally Offensive* will appeal to anyone who loves a good joke and especially to fans of 2005's sleeper hit *The Aristocrats*. Some of the comics and celebrities featured in *Filthy, Funny, and Totally Offensive* include Joan Rivers, Jackie Mason, Artie Lang, Drew Carey, Jason Alexander, Richard Belzer, Gilbert Gottfried, Chris Elliot, *Curb Your Enthusiasm*'s Susie Essman and Jeff Garlin, Richard Pryor, Jr., Larry Amoros, Ice T, Colin Quinn, and many others.

Filthy, Funny, and Totally Offensive is the only collection of the most offensive, politically incorrect, and often disgusting (but hilarious) dirty jokes from today's hottest comics, actors, and entertainers. No one is spared. Ranging from the silly to the sick, the sadistic to the sublime, these are the jokes comedians share only among themselves, finally compiled in one place for the first time ever.

- **Features an introduction by Paul Provenza, director of *The Aristocrats***

A nationally known comedy writer and an authority on roast humor, **JEFFREY L. GURIAN** has written material for many of the great performers at the fabled Friars Roasts. He also wrote and directed the "Men Who" series of short films for the Toyota Comedy Festival, has written for MTV and USA Network, and was one of the writers of Sony's first interactive film. In addition, Jeffrey is the East Coast producer of National Lampoon Radio Networks. This is his first book. He cannot promise it will be his last. He lives in New York City.

TRIPP WHETSELL is the author of *Father Still Knows Best: The Wit and Wisdom of America's Favorite TV Dads*, and a New York-based entertainment journalist who was formerly comedy critic for the *New York Post*. YOUR WORST POKER ENEMY

MASTER THE MENTAL GAME

Alan N. Schoonmaker, Ph.D.

The first book ever to teach players how to beat their toughest opponent—themselves

In *Your Worst Poker Enemy*, psychologist Dr. Alan Schoonmaker helps players to identify and stop psychologically based mistakes such as losing control of their emotions and overconfidence. This must-have book also features detailed sections that examine crucial points far beyond the scope of most other poker strategy guides, including using intuition versus logic; evaluating oneself and the opposition; understanding unconscious and emotional factors; adjusting to changes and handling stress.

Ideal for experienced players who don't play as well as they know they can, *Your Worst Poker Enemy* focuses exclusively on how poker players defeat themselves—the psychological factors that prevent people from getting the maximum profit and pleasure from the game.

ROAR OF THE HEAVENS

Stefan Bechtel

Now in trade paperback, the first book to put the human face on one of the nation's worst natural disasters—Hurricane Camille

“A riveting account of what it was like to live through the most intense hurricane ever to strike the U.S. mainland.”—John Grisham

On August 17, 1969, packing winds over 200 miles per hour, Hurricane Camille caught a country by surprise and until recently, was the worst storm to ever hit the United States. *Roar of the Heavens* is the destructive hour-by-hour story, told by the survivors and key players, of a meteorological event that tested the theoretical limits of what weather can do. *A Perfect Storm* meets *Into Thin Air*, *Roar of the Heavens* focuses on the human element—the unfortunate victims of the devastating storm—and how some of them survived while many around them did not. *Roar of the Heavens* is also a cautionary tale—that the United States is still as vulnerable to hurricanes today, as evidenced by Hurricane Katrina.

“I’ve never read a more gripping account of what must be expected when a hurricane strikes. Its compelling public appeal ranks well with other credible weather disaster descriptions such as *Isaac’s Storm*.”

—Dr. Robert Simpson, Former Director, National Hurricane Center

“Details the unthinkable.”—Jim Cantore, host of The Weather Channel’s *Storm Stories*

STEFAN BECHTEL is the author or co-author of six books, which have sold more than two million copies. He is a founding editor of *Men’s Health* magazine and his work has appeared in *Esquire*, *The Washington Post*, *Reader’s Digest*, and many other national publications. He lives in Charlottesville, Virginia.

SIX MINUTES TO FREEDOM

Kurt Muse and John Gilstrap

The *Washington Post* bestselling true story of a real-life hero at the center of an international crisis and the Delta Force team who helped him to freedom

Born in the United States and raised in Panama, Kurt Muse grew up with a deep love for his adopted country, but when a rising dictatorship threatened Panama, he and a handful of friends took action. Founding and operating an underground radio station encouraging civil resistance to Manuel Noriega, Muse put himself in direct opposition to a ruthless killer—one with the money and resources to put him and his family in grave peril.

Six Minutes to Freedom is Kurt Muse's remarkable story, from his arrest by Noriega's henchmen and his months of imprisonment to the squalid conditions he faced in Panama's infamous Modelo Prison, from his eyewitness accounts of his fellow inmates' torture to the plight of his own family as they fled for their lives. And it reveals, for the first time, the astonishing details of the day he became the only American civilian ever rescued by the elite Delta Force.

A highly personal narrative that reads like a story ripped from the pages of a well-crafted thriller, *Six Minutes to Freedom* is the story of a true American hero on foreign soil, who risked his life for his beliefs.

JOHNNY GOT HIS GUN

Dalton Trumbo

Foreword by Cindy Sheehan

The searing portrayal of war that won the National Book Award and became an instant classic, newly repackaged with a foreword by high-profile antiwar activist Cindy Sheehan

An immediate bestseller upon its original publication in 1939, Dalton Trumbo's stark, profoundly troubling masterpiece about the horrors of World War I brilliantly crystallized the uncompromising brutality of war and became the most influential protest novel of the Vietnam era. With a poignant new foreword by Cindy Sheehan, *Johnny Got His Gun*—an undisputed classic of antiwar literature—is as timely as ever.

- *Johnny Got His Gun* will appeal to fans of Anthony Swofford (*Jarhead*); Ernest Hemingway (*For Whom The Bell Tolls*); Erich Maria Remarque (*All Quiet on the Western Front*); and Tim O'Brien (*The Things They Carried*)
- The 1971 film version of *Johnny Got His Gun*, was nominated for a Golden Globe Award and won the Grand Prize of the Jury at the Cannes Film Festival. The film became well known to a new generation in 1989 when it was incorporated into the Metallica video for "One"
- Cindy Sheehan is widely regarded as the most prominent and outspoken peace activist in America. Her powerful and highly personal foreword squarely places *Johnny Got His Gun* in a contemporary context for a new generation of readers and activists

"Mr. Trumbo sets this story down almost without pause or punctuation and with a fury amounting to eloquence."—*The New York Times*

DALTON TRUMBO (December 9, 1905 - September 10, 1976) was one of the most prolific and important literary figures of his time. He was one of the Hollywood Ten, a group of film professionals who refused to testify before the 1947 House Un-American Activities Committee about alleged communist involvement. *Johnny Got His Gun*, the most highly acclaimed work of Trumbo's remarkable career, won a National Book Award (then known as an American Book Sellers Award) in 1939.

CINDY SHEEHAN lost her son, Army Specialist Casey Austin Sheehan, in an ambush in Sadr City, Baghdad, on April 4, 2004. As she came to believe that the government's impetus for invading Iraq was based on misinformation, Cindy began speaking out, demanding an end to the war. Her 2005 protest vigil at President Bush's ranch in Crawford, Texas, is largely credited with revitalizing the anti-war effort in America. The author of *Not One More Mother's Child* and *Dear President Bush*, she continues to devote her time and energy to ending war.

PRISONERS OF THE STORM

8 DOCTORS, 30 NURSES, 7,000 PRISONERS, AND A CATEGORY 5 STORM

**Demaree Inglese, M.D.,
with Diana G. Gallagher**

Issac's Storm meets *E.R.* meets *Oz* in a unique and riveting untold story—the medical director of New Orleans's prison recounts the life-and-death drama that unfolded in the complex when Hurricane Katrina struck

An uplifting and inspiring true story of courage in the face of tragedy that reads like a thriller, *Prisoners of the Storm* is a riveting account of the critical decisions, harrowing conditions and individual heroism that brewed in the New Orleans City Jail during and after Hurricane Katrina's deadly assault.

No other book has explored the striking impact of Hurricane Katrina on the staff and inmates of New Orleans's prison complex, yet their story is among the most compelling to emerge from the tragedy. Demaree "Dem" Inglese, M.D., the medical director of the jail, along with his medical staff and a skeleton crew of deputies (many of whom brought their families to the jail for shelter) struggled to overcome impossible odds to provide medical care for inmates, safety for their families and ultimately survival for all involved. *Prisoners of the Storm* explores all their stories, from the jail administration's ill-advised decision not to evacuate the inmates, to a deputy's heart attack as flood waters rose; from the evacuation of 200 seriously ill patients to the prisoner riots and escapes; and from a SWAT team's rescue of stranded personnel to the treacherous swim through sewage and diesel-contaminated water to retrieve medications and records.

While those involved insist they were "just doing their jobs," they did those jobs with exceptional dedication, courage, and perseverance—working under treacherous and terrifying conditions, never knowing what new dangers awaited them, or whether their families were safe. *Prisoners of the Storm* proves that in extraordinary circumstances, even ordinary people can be heroes.

- **Publication timed to coincide with the second anniversary of Hurricane Katrina**
- **Features 16 pages of color photos, many never-before-published, and two maps**
- **Controversial revelations including the riots at the prison, inmate escapes and the human cost of the decision not to evacuate the prison complex**

DEMAREE INGLESE, M.D. served as medical director of the Orleans Parish Jail from 2000 to 2006, supervising a staff of over 100 doctors, dentists, nurses, and other medical and support personnel, with an annual operating budget of \$11 million, dedicated to the health care of roughly 6,300 prison inmates. As a medical expert, he provides consultation services to various agencies and legal firms and has testified in court cases. He lives in New Orleans, Louisiana.

SENTINEL OF THE SEAS

LIFE AND DEATH AT THE MOST DANGEROUS LIGHTHOUSE EVER BUILT

Dennis M. Powers

For the first time ever—from the acclaimed author of *Treasure Ship*—the true story of the most dangerous, most expensive, and most remote lighthouse ever built and the brave men and women who built and maintained this remote outpost

A mariner's nightmare brought to life, “Dragon Rocks”—the jagged edges of a submerged volcanic mountain chain where sea meets land in a hellish fury—is one of the most hazardous reefs off the West Coast. The reef claimed many a victim, its most famous perhaps, the 1865 sinking of the *S.S. Brother Jonathan* and its 225 passengers. The solution? A feat of engineering unmatched in its day—the St. George Reef Lighthouse. While often documented and photographed, the full story of St. George Reef Lighthouse has never been told, until now. *Sentinel of the Seas*—thoroughly researched through the National Archive, journals and interviews—vividly brings to life the history of the St. George Reef, the lighthouse, and the people who devoted their lives to it.

- Includes 16 pages of black and white photos!
- St. George Reef lighthouse has been featured on PBS's “Legendary Lighthouses” series

“Every time you think this story couldn't possibly take another strange turn, Powers proves that it can, and he does so in highly entertaining fashion.”

—Alison Frankel, author of *Double Eagle on Treasure Ship*

“Not since *Shadow Divers* has a maritime quest been so riveting... A must-read for historian and thrill-seeker alike.”

—James Rollins, *New York Times* bestselling author of *Map of Bones on Treasure Ship*

“Drama, heroism, tragedy and pathos... ranks up there with *The Perfect Storm* and *Isaac's Storm*.”—*The San Diego Union-Tribune on The Raging Sea*

“Gripping... Powers interviewed survivors whose stories read like good action fiction... a very readable narrative.”—*Publishers Weekly on The Raging Sea*

DENNIS M. POWERS was a fulltime attorney specializing in business law before turning to writing. He is the author of seven published nonfiction books, including *Treasure Ship: The Legend and Legacy of the S.S. Brother Jonathan*, and *The Raging Sea: The Powerful Account of the Worst Tsunami in U.S. History*. He resides in Ashland, Oregon. Please visit his website, www.dennispowersbooks.com.

BEYOND TRAPS

THE ANATOMY OF POKER SUCCESS

James A. McKenna, Ph.D.

The psychological poker strategy master's guide to trapping opponents into making game-ending mistakes at the table

In his acclaimed *Beyond Tells*, poker columnist, psychotherapist and author James A. McKenna introduced a unique way of integrating personality types with reading tells. In his follow-up, *Beyond Bluffs*, he delved further into those six key personality types. Now, in *Beyond Traps* McKenna goes even further into the psychology of poker, revealing how to use the psychological patterns that govern opponents to trap them into making mistakes. McKenna explains how consistent winners use different bait for different prey and how they trap and avoid traps by noticing the difference between players at the table. *Beyond Traps* expands on *Beyond Bluffs* and *Beyond Tells* by:

- Demonstrating the different approaches needed for different personalities and outlining the traps for each: pigeon traps, fish traps, speed traps, net traps, and mixed traps
- Showing readers how to take their game to a higher level by playing their opponents as expertly as they play their cards

JAMES A. MCKENNA, Ph.D., has been a practicing individual and group therapist for more than thirty-five years, as well as a management consultant to Fortune 500 corporations. His column, "Power Poker Psychology," appears regularly in *Poker Player* and *Gambling Times* magazines. He is also the author of *Beyond Tells* and *Beyond Bluffs*. He lives in Dardenne Prairie, Missouri.

MASTER DETECTIVE

THE LIFE AND CRIMES OF ELLIS PARKER, AMERICA'S REAL-LIFE SHERLOCK HOLMES

John Reisinger

“As compelling as the best mystery fiction, as absorbing as the finest historical writing.”—Jeffery Deaver

Ellis Parker, a detective known the world over in the early 1900s as the “American Sherlock Holmes,” solved over ninety-eight percent of the murders in his New Jersey county, sometimes never even leaving his desk. Drawing on the emerging discipline of psychology and his uncanny deductive reasoning skills, he was a “ profiler” before the term existed. He was the man members of other law enforcement agencies turned to when they were baffled. Even Scotland Yard thought he was brilliant. So how did he land behind bars, dying tragically in prison?

Here, told for the first time, is the full story of the enigmatic man and his incessant pursuit of the truth. When Parker involved himself in what promised to be the biggest case of his career—the kidnapping of the Lindbergh baby in 1932—he inadvertently set in motion his own undoing.

Ellis Parker’s place in history has been mired in controversy. *Master Detective*, through access to crucial unpublished information, sets the record straight by finally providing a complete picture of the man—and the circumstances surrounding his tragic fall.

- Includes 16 pages of photographs

“Fascinating reading for true-crime buffs and mystery fans alike.”

—Max Allan Collins, author of *The Road to Perdition*

“*Master Detective* is a riveting read about one of America’s most fascinating crimes. In Reisinger, America’s real-life Sherlock Holmes has found his Watson.”

—John Lutz, author of *Cbill of Night*

JOHN REISINGER is the author of *Evasive Action* and *Nassau*. He is an engineer and a former Coast Guard officer, and lives in Maryland.

“The collected stories of Philip K. Dick are

Considered worldwide to be the greatest science fiction writer on any planet, Philip K. Dick and his library of work have only increased in popularity since his untimely death in 1982. Interest in Dick’s work has continued to mount and his reputation has been enhanced by a growing body of critical attention. The Philip K. Dick Award is now presented annually to the author of a distinguished work of science fiction, and the Philip K. Dick Society is devoted to the study and promulgation of his works.

In addition, many of Dick’s works have been adapted into critically acclaimed films including *Blade Runner* (adapted from his novel *Do Androids Dream of Electric Sheep?*); *Paycheck* starring Ben Affleck and Uma Thurman; Steven Spielberg’s blockbuster *Minority Report* starring Tom Cruise; and most recently, *A Scanner Darkly* starring Keanu Reeves and directed by Richard Linklater.

Philip K. Dick’s appeal is as timeless as he is insightful and prophetic, and we think his ever-growing fan-base would agree.
