Myra Rutledge isn't ready to mothball the Sisterhood just yet. When Maggie Spitzer, former editor-in-chief of the *Post* and an honorary member of the Sisterhood, arrives with a new mission in mind, the Vigilantes are soon gathering in their war room once more. While catching up on each other's lives, they plan a brilliant campaign against a duo of corrupt judges running a moneymaking racket that sends young offenders to brutal boot camps, often on trumped-up charges. Their enemies are powerful and ruthless, but the Sisterhood has their own formidable allies—including former President Martine Connor. Once their scheme takes off, the guilty won't know what hit them.

BORN IN BLOOD

The Sentinels Series

Alexandra Ivy

KEY SELLING POINTS

- First in a new series!
- Alexandra Ivy has built a large audience with her Guardians of Eternity series, and her fans will love this new series just as much!
- The Sentinels were introduced to readers in Alexandra Ivy's novella, "Out of Control," in the collection *Predatory* (Zebra MM, 5/13).
- Ivy's books have been translated into eight languages.
- Paranormal romance is a hot category with the success of such authors as Sherrilyn Kenyon and Christine Feehan.

In a stunning new paranormal romance series—even edgier than her bestselling Guardians of Eternity books—*New York Times* bestselling author Alexandra Ivy lures readers into the dark, seductive world of the Sentinels—humans outcast by their hidden abilities, treading the line between life and death, good and evil, pleasure and pain...

Sergeant Duncan O'Conner has seen it all before. A beautiful erotic dancer is found murdered in her home—no suspect, no motive. But there's one clue: she's missing her heart. It's enough to make the hard-bitten Kansas City cop enlist the help of a necro—one of the dead-channeling freaks who live in the domed city of nearby Valhalla. It's a long shot, but desperate crimes call for desperate measures.

Unlike the other "high-bloods" in Valhalla, Callie Brown considers her abilities a gift, not a curse. But when she reads the dancer's final thoughts, she senses a powerful presence blocking her vision. This is no ordinary homicide. This is the work of a legendary necromancer who controls souls. A ravenous force that will put Callie's skills to the test, O'Conner's career at risk, and both their hearts on the line...literally.

Duty demands he keep an eye on her—and naturally, his lips soon follow. For someone who views entanglements as a weakness, this is pure, delicious folly.

It’s not that the woman in his arms is naked. It’s not that he’s carrying her up a mountain in a driving storm. What bothers Jamie is that the unconscious redhead is an intruder, someone who could bring him harm. He has his reasons for hiding out in this stark, secluded cabin; for keeping his emotions under wraps; for never, ever getting too close to anyone. But before she passed out in his bed, she said her name was Faith—an appropriate name since he has to take her at her word. Who is she? Why is she here? Who sent her? And what is she doing to him? Jamie’s used to feelings of wariness, isolation, of being on guard. What he’s not used to is this dangerous, nearly uncontrollable new emotion raging through him like a man on fire.

If clothes make the man, then what do Jane's elastic-waist pants and T-shirts make her? A fashion nightmare, according to her neighbor, Lance. She doesn't expect Lance—who works in the designer shoe department at Neiman Marcus—to understand... which is how she ends up visiting his favorite boutique, Passions. While the couture is definitely not for Jane, the staff's gossip is. Tiny orange-haired clerk Becky starts complaining about her co-worker Giselle (a.k.a. "Frenchie") a brittle blonde who, when she's not making fun of customers behind their backs, adds extra-marital notches to her Chanel belt. Though Jane doesn't land a new look, she does land a new job when Passions' owner gives her a chance to write their new magazine ads.

But when Jane arrives the next morning to pitch her ideas, she finds Frenchie pitched over, stabbed in the neck by one of her own stilettos. Now all Jane has to do is figure out who hated Frenchie the most, in a case of death by designer knock-off...

In the bestselling tradition of Vince Flynn, *New York Times* bestselling author Andrew Britton's newest pulse-pounding international thriller, featuring recurring protagonist Ryan Kealey, is the first to debut as a premium mass market paperback, an ideal format for fans of the genre.

Ryan Kealey now knows he'll never really put the game behind him. He's seen too much, felt too much, and the instinct is too deeply hardwired. But the game itself has changed. Between tense interagency "cooperation" that gums the works, and an overreliance on data-crunching, logarithms and wiz-kid tech, today's U.S. intelligence service has lost a step to its ever-bolder, viciously adaptable global enemies. And thanks to an incredible discovery in the Arctic, those enemies now have a nuke—a Nazi suitcase bomb capable of unleashing unthinkable terror.

In a mission nearly a century in the making—and with surprising family connections—Kealey forms an unlikely partnership with the young Farsi-speaking nuclear physicist Rayhan Jafari to hunt down the devastating package before it can be used. But once on the ground, with technology and their by-the-numbers command failing them, they're on their own—trusting only their guts and each other—to conduct the dirty business of combating horrific destruction.

Treasure Hernandez, renowned for her explosive Flint and Baltimore Chronicles series, will keep her readers riveted with a powerful tale that puts love and loyalty to the test.

On the outside, Tone seems to have it all. He has a father he looks up to and an older brother who keeps him under his wing—until the day his father crosses a line that changes everything. Tone is forced to enter a world he knew nothing about.

Detective Abraham is obsessed with power and money, so he has figured out a way to play on both sides of the tracks when it comes to organized crime. The only thing stopping him from making it to the top spot is Santiago, one of the most feared suppliers in the country. Santiago's only weakness is his daughter, Serena. Detective Abraham develops a plan that involves his son, Tone, getting close to Serena.

Against his better judgment, Tone goes along with his father's plan and sets out to win Serena over with his charm. What he hasn't planned on is Serena turning the tables and stealing his heart. Now Tone is faced with choices that leave him questioning his loyalty to his family.

Treasure Hernandez is presently incarcerated in a United States penitentiary. She is working on future projects for Urban Books.

Behind every successful man is a good woman. The downfall of a good man is a woman up to no good...

Thirty years-old Samson Judges is a prominent pastor of the Peaceful Rest Missionary Baptist Church in Shreveport, Louisiana. His church owns land that real estate mogul William Trusts wants. When Samson refuses to sell, William hires Delilah Baker to find out Samson's Achilles' heel.

Money isn't Delilah's only motivation for taking the assignment. After watching Samson every Sunday morning on a local television station, Delilah has fallen in love with him. In her mind, there is only one person standing in her way of getting Samson—his fiancée, Julia Rivers.

Samson is far from innocent. He feels his longstanding relationship with God puts him above reproach. His weakness for one woman, Delilah, threatens to ruin his relationship with Julia, his parents, and his church. When he realizes the lengths Delilah will go to get her man, Samson vows to protect his ministry by any means necessary.

Langston Holiday is forced to move with his no nonsense mother into the gritty public housing projects of Poindexter Village, better known as “The Vil,” after his father abandons them. Without any assistance, his mother is determined to make a man out of Langston—and she’s doing a pretty good job. By the end of his senior year, Langston is one of the best high school basketball players in the nation. That’s when he makes the biggest decision of his life: to forgo college and enter the professional ranks.

When word hits the streets about Langston’s success, his newfound wealth stirs up plenty of envy in the projects, sparking a wave of unthinkable drama and crime. He’s being relentlessly pursued by Toy Daniels, a has-been athlete who’s determined to sign Langston to his newly formed sports agency. Langston’s best friend, Jalen, becomes involved in shady dealings with people who are known for nothing but trouble, and his girlfriend, Tori, is quickly becoming fed up with Langston’s wandering ways. Suddenly, Langston doesn’t know who he can trust.

Franklin White is a national bestselling author. He is the former Features Editor of *Upscale* magazine and Publisher of Blue Black Press, which has published several novels with Simon & Schuster.
